PROSPECTUS

MESSAGE

Dear students,

*Welcome to Dhanarua Private Industrial Training Institute
Vocational training programs !!*

Through this brochure, we are trying to break a few myths and change mindsets. It is our endeavour to educate the students about a world of endless opportunities which await them, through a flexible and skill-oriented mode of education. Ours is a system of Vocational education which allows a student to develop skills suited to the students pace, since a large no. of students are not able to cope up with the rigours of higher education and drop out. We provide a system through which a student can gather information and knowledge and move ahead in this competitive world.

Friends ! For the DPITI is a social responsibility and a National Mission. We have received overwhelming response and encouragement for our programs during the last one year. It makes us confident that we have started changing lives for those who have the desire to learn skills, and compete in the life with something specific in hand without adding burden on themselves or their families.

*Don't be misled by misinformation about vocational education. Especially skilled education which has the potential to make you ready for Employment, in whatever form it comes is welcome. **YOU MUST TAKE IT AND CONTRIBUTE YOUR MIGHT TOWARDS NATIONAL DEVELOPMENT. I WISH YOU ALL THE BEST.***

*Dr. Ram Chandra Saw
Director*

THE ORGANISATION

"HIMALAYA EDUCATIONAL TRUST", is a registered organization under Society Registration Act- 21, 1995 of Bihar.

Since this work is of great importance, the working committee of HIMALAYA EDUCATIONAL TRUST has passed a resolution to establish an autonomous institute to fulfill the above objectives.
